Okeechobee Employment Initiative: SSA Benefits & Funding Opportunities

Training Overview:

Plan to Achieve Self-Support (PASS) is a powerful work incentive that offers many SSA beneficiaries the opportunity and funding to save for and achieve career goals. PASS funds have been used to pay for training/education, launch businesses, and purchase vehicles, to name a few. PASS funding can even be used to pay for employment supports such as job development and job coaching.

Join us for an interactive and lively discussion and learn how PASS funds can be used to open the door to a wider range of career possibilities and enhance employment services.

Who Should Attend?

Rehabilitation personnel, special education professionals, vocational rehabilitation counselors, case managers, transition specialists, job seekers with developmental disabilities, family members, community members.
